

Call for Papers

Due: April 1, 2009

The IEA Bioenergy Conference *Biofuels & Bioenergy: A Changing Climate* invites the submission of abstracts for oral and poster presentations. All accepted abstracts will be included in the official conference proceedings.

Papers can be submitted to one of six conference tracks:

1. Biorefinery integration
2. Thermochemical technologies
3. Biochemical technologies
4. Feedstock harvest, pretreatment, & logistics
5. Biomass production & management
6. Policy & strategy

Guidelines:

Abstracts should be submitted by email to:

papers@ieabioenergyconference.org

Abstracts must be submitted as a Microsoft Word document attachment with the email subject:

BBCC (Primary author last name, first initial)

Word files must be named in the format:

BBCC_Authorlastname_Authorfirstname_Track.doc

For example:

BBCC_Smith_John_4.doc

Abstracts must be written in Arial font, size '10', singled space, left justified, and maximum 350 words. The title and author information must come before the body of the abstract. The title and authors must be **bold**. Title must be all **capitalized**. Author(s) must be in the form 'J.E. Doe'. Title and author(s) must be followed by address and contact information, including indication of the presenting author and email. Title, author(s), and address(es) must be centered.

Example:

THE POTENTIAL FOR BIOENERGY IN CANADA

J.E. Doe^{1,*}, X.E. Zu¹, M.S. Smith²

¹ University of Canada, Unit 1, 123 Capital Way, Ottawa, Ontario, K63 2T5, Canada

² Bioenergy Canada Ltd., 55 Industry Drive, Ottawa, Ontario, K5B 2H6, Canada

*Presenting Author (jdoe@canadauniversity.com)

Note: Any abstracts not received in this format will be considered ineligible.

Authors will be notified by June 1 as to whether their abstract has been accepted. Authors will be given the option to make minor revisions to their abstract following the conference and prior to publication in the conference proceedings. Please indicate in your email whether you wish to present orally, by poster, or either.
